

Jumping Frogs

for Frog Jumping Day on May 13

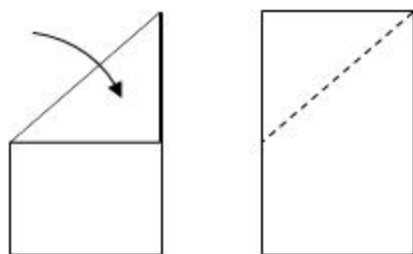

What you'll need:

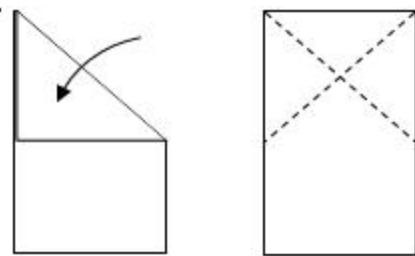

3" x 5" piece of cardstock in any frog color or a precut 3" x 5" index card

Google eyes, 1/4" adhesive dots, or marker for eyes

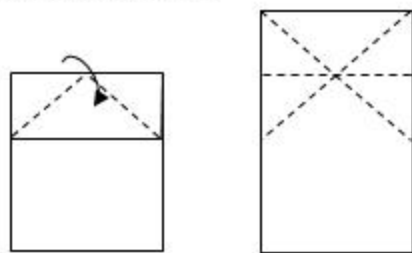

- 1** Fold the top corner over so touches the other side, press and unfold.

- 2** Fold the other top corner over, press and unfold.

- 3** Turn the paper over and fold down where the two folds you just folded meet and unfold.

- 4** Here comes the tricky part. Turn the paper back over and push in at A and B so it looks like figure 4b.

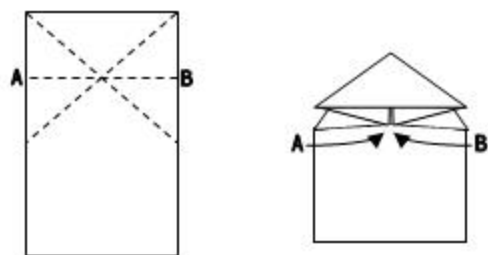

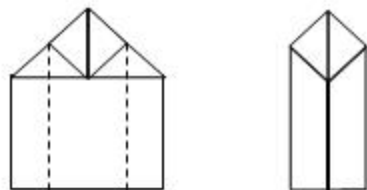

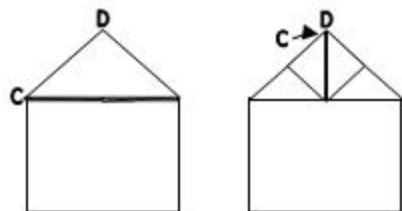

Figure 4b

- 5** Fold on the dotted lines to start making the frog's body. It should look like 6b.

- 6** Pull the C corner up to the D corner and press the fold to make one of the frog's front legs. Do the other side in the same way to make the other leg.

- 7** Now fold the bottom of the body up and even with the top point.

- 8** For the last fold you need to fold what used to be the bottom down to what is now the bottom. Add some eyes and you're done.

Congratulations, it's a frog!

To make the frog jump put it down and press lightly on its back.
